Content and structure area

Scope and content	<p>The files in this fragmentary series contain primarily memoranda and reports on a few administrative topics. Some of the items in the files had been accumulated by Khann's predecessor as Special Assistant, Josue Tanaka. Some files are useful because they continue a subject found elsewhere; for example, the environment file in this series complements and extends the environment file found in the Haug subject files. The private sector development file postdates the Conable Presidency.</p>
