Scope and content	<p>This series consists primarily of reports, studies, and other issuances sent to the Director-General either for his comments or as part of a general distribution to high-level managers in the Bank. Filed with these issuances are comments and related correspondence of the Director-General and his special advisers and comments that the OED staff provided the DGO. The documents from the Kapur and Rovani eras are primarily originals, many with handwritten comments from the Directors-General. The Picciotto-era documents are primarily electrostatic copies. Key topics covered by the files include: mechanisms for integrating OED findings into the policy formation process of the Bank (filed under Dissemination and Feedback); evaluation criteria used in appraising projects (filed under Methodology); OEDs involvement in the monitoring and evaluation of NGO programs and in providing evaluation guidance to NGOs (filed under NGOs); OED guidelines for evaluating environmental projects (filed under Environment); planning for the 1995 G-7 Summit in Halifax (filed under G-7 Summit); the role of gender in OED work (filed under Women in Development); DGO/OED comments on the Annual Report on Portfolio Performance (ARPP) and on the disconnect between the ARPP and Completion Report/Audit Report ratings (filed under Annual Report on Portfolio Performance); and planning for the 1994 Annual Review of Evaluation Results (filed under Annual Review). Filed under Development Committee Task Force on Multilateral Development Banks (MDBs) are replies to questions and copies of documents DGO Picciottos adviser Pablo Guerrero provided to the Task Force secretary. The MDB Task Force files also contain Guerreros comments on draft background studies submitted to the Task Force. Filed under Main Complex Rehabilitation Project (MCRP) are records regarding a 1993 Bank inquiry into cost overruns for an improvement program to the Banks headquarters complex at 1818 H Street NW. That file includes copies of Robert Picciottos 1993 memoranda outlining the input he had into the funding required for the project while he was Vice President of Corporate Planning and Budget. The files also include Picciottos comments on a draft of the S. Guhan chapter, The Banks Project Lending in South Asia, 1971-1990, in Volume II of the Brookings history of the World Bank.</p>
