Scope and content

This series contains President Clausen's records related to the Development Committee meetings from 1983 through 1986. Formally the Joint Ministerial Committee of the Boards of Governors of the World Bank and the International Monetary Fund on the Transfer of Real Resources to Developing Countries, the Development Committee was established in 1974 with its own secretariat that maintained the official records of the Committee.

The records in this series, therefore, are Clausen's office files on the Development Committee meetings during his tenure (meetings 21-28). The records, organized by meeting, include correspondence, memoranda regarding the meetings, drafts of the President's opening remarks and the President's Report to the Development Committee, summaries of Committee discussions, and statements to the press. The files also contain papers and reports prepared for the Development Committee, including the Development Committee Annual Report, task force and working group reports, and papers on topics such as development in Sub-Saharan Africa, the world economic outlook, and external debt problems of developing countries.
