Scope and content	This series contains a complete set of official numbered documents of the Committee which include but are not limited to topical papers distributed to members of the Committee prior to meetings, reports of working groups and task forces, records of discussion, and notices of meetings and proposed agendas. Statements to the Committee from the President of the World Bank and the Managing Director of the International Monetary Fund are included, as are communiques from the meetings of the Intergovernmental Group of 24 on International Monetary Affairs. Beginning in 1988 the series also includes official statements made during the year by members and observers. Each document is usually present in English, French, and Spanish versions. The content of the documents is reflected in the titles of the items.
