Content and structure area	
Scope and content	<p>The series consists of documents sent electronically within PRD, to other parts of DEC, and to other Bank organizations. They include peer review comments and comments on other papers, sector reports, Country Assistance Strategy (CAS) documents, research design proposals, concept papers, and draft Final Executive Project Summaries (FEPS) sent to PRD divisions for review. These and other documents in the series reflect PRD divisions' involvement in research into aid effectiveness, poverty (including the old age security study and HIV/AIDS and STDs prevention and management), and the environment. Copies of Terms of Reference and Back-to-Office Reports for missions undertaken during this period and documents relating to establishment of a Research Advisory Group are part of the series. Also included are copies of reports from Bank Board meetings and DEC Senior Managers Meetings which were usually circulated to the divisions by the Department head or the Division Chiefs.</p> <p>The documents dated August 1991 - January 1992 were created in the Policy and Review Department, which also had the acronym PRD and was abolished November 30, 1991. The few post-dated documents concern matters pertaining to the termination of that department. This reading file also includes copies of documents sent (4 January 1993 - 23 February 1993) by CECFP [Financial Policy and Systems], CECTM [Transition and Macro-Adjustment], and CECTP [Trade Policy] Division] staff short periods before and after 1 February 1993 when the Country Economics Department (CEC) was renamed the Policy Research Department (PRD).</p> <p>Three small subject files pertaining to a poverty handbook and budget matters are part of the series.</p>
